The Coat-of-Arms of Bishop George Ahr High School symbolizes its commitment to the kingdom of God and to His people. The four quadrants depict a Catholic foundation and locate the school. The upper right quarter contains a portion of the insignia of the Franciscan Felician Sisters who staff the school. The left quarter signifies the source of Catholic life, the Eucharist.

The cross in the lower right quarter is in the form known as “moline,” as in the arms of the Diocese of Trenton from which the Diocese of Metuchen has been divided. The flame suggests the etymology of the Lenni Lenape Indian word “metachen” meaning firewood. This symbol is also associated with the descent of the Holy Spirit and is a traditional symbol of charity, the highest of Christian virtues. The crown is taken from the arms of Bishop McCarrick, first bishop of the new Diocese of Metuchen in which the school is located.

Finally, the lower left quarter holds the oak tree, a symbol of the local community. The staff represents the direction and guidance of St. Thomas Aquinas, the scholar saint, patron of the school. Red and white, the school colors, are symbolic of courage and truth.

DISCIPLINE AT BISHOP AHR HIGH SCHOOL

No person can exist alone; an individual is always a member of a group, whether universal or local, permanent or temporary. Individuals in each group have an influence upon one another and upon the whole group. For the individual and the whole group to function properly, there must be order based on rules. This principle applies to all group associations from birth to death. At this moment in life, the school is a very important group association for a student. The rules of Bishop George Ahr High School are designed to maintain order in the school so that each student and the entire student body can function properly.

The discipline system will undergo constant evaluation. Our goal is to make the student aware that a breach of discipline affects the individual and the total group in some way. To counteract this negative effect, we hope to develop positive sanctions which will rectify the harm done to the individual or to the group. Listed below is an outline of the basic rules, regulations, and procedures of discipline at Bishop George Ahr High School.

Actions which violate the law, threaten or cause harm to any person, disrupt or impede the welfare and progress of the school community or bring discredit to the school will not be tolerated. Such actions or other severe violations of school rules may result in immediate expulsion. Any student charged with a felony is removed from the school community until the charge is dismissed or the student is acquitted of the charge.

The vice principal is responsible for maintaining the good order of the school, thereby protecting the student's right to learn, the teacher's right to instruct, and the safety and security of all. The vice principal's function is not only to enforce the rules of the school, but to refer students with problems to the campus minister, school counselors, or student assistance counselor.

GENERAL REGULATIONS FOR STUDENTS

ATTENDANCE

The New Jersey Statutes on Education (18A-38-25, 38-26, 38-27) provide for compulsory attendance by all children and the responsibility for compliance belongs to the parents. The school is required to keep an accurate record of daily attendance, tardiness, and absence. All entries in the attendance record shall be made only by a teacher and/or person designated by the principal. In order to enforce the law, it is reasonable for the school to establish policies and regulations governing student attendance.

We believe that regular attendance and participation in classes along with interaction between student and teacher as well as the interaction among students in class are vital and integral parts of the learning process. Attendance is seen as a means of serving educational ends.

Frequent absence from school disrupts the continuity of the instructional process. Innovative curricular plans and the newest instructional techniques have little value if the student is not in school to take advantage of them. Chronic absences limit accomplishments and reinforce a habit which will handicap the individual in future education or employment. Research indicates that there is a close relationship between students' attendance and their academic and disciplinary performance.

The school cannot give a student permission to be absent. Parents must call the school the morning of the student's absence. Notes of excuse for absence written by a parent/guardian must be given to the homeroom teacher the day the student returns. Students who fail to bring in notes upon their return to school will be considered truant.

All course work missed during absences must be made-up. It is the responsibility of the student to gather this work from each subject teacher.

Having established the following policies concerning absences (cumulative and noncumulative) and tardiness, the administration reserves the right to make all final decisions at its discretion concerning attendance.

PLEASE NOTE: Students are not permitted to leave the building without permission on school days between 7:00 A.M. and dismissal.

ABSENCES

Cumulative absences will include full-day absences, truancy from school, and absences from an individual course. Parents' notes which are required to readmit students to school after a full-day absence will not, however, make the absence eligible to be considered

noncumulative. If the parent/guardian does not call and does not provide a note, administration assumes the student is truant and will take appropriate disciplinary action.

1. Students may not be granted credit in a scheduled course after cumulative absences exceed the following limits:

- a. Marking period for each course - 5 absences.
- b. Semester course - 10 absences.
- c. Full year course - 20 absences.

2. When students have twenty (20) or more cumulative absences in any subject, they may not be granted credit for that subject. Report cards and permanent records will reflect a grade and no credit due to excessive absence.

When students have accrued excessive cumulative or non-cumulative absences in any subject, they and their parents/guardian will be required to meet with the administration.

3. The subjects in which students receive a no credit because of cumulative absences, whether required or elective, shall be made up according to school policy.

4. Written appeals for exceptions to loss of credit due to excessive absences should be made to the school administration.

5. Students must be in attendance for a minimum of four (4) hours in order to receive credit for a full day.

6. To participate in school sponsored activities in any given day students must be in attendance for a minimum of four (4) hours.

NON CUMULATIVE ABSENCES

It is recognized that certain extreme and unavoidable circumstances may prevent a student from attending school. In the event a student is absent for any of the reasons listed below, it will be considered a

noncumulative absence and will not be counted in the total outlined above.

1. An absence for illness as verified by a physician's note. Such verification must be presented to the main office the day the student returns to school, otherwise the absence is considered a cumulative absence.

2. Bereavement or family emergency. (Directives for non-family member attendance at funerals may be obtained from the vice-principal.)

3. Approved school functions such as field trips or special related programs.

4. Although family vacations during the school year are discouraged, to be considered noncumulative these procedures must be followed. Failure to comply with the above procedure constitutes a cumulative absence for the trip:

a. A written request must be submitted to the principal three weeks prior to the trip.

b. The student must assume the responsibility of notifying each of his/her teachers of the impending absence at least three days prior to his/her last day in school. A vacation form is available in the main office.

c. Assignments are to be obtained for each course by the student. These completed assignments are to be handed in no later than one (1) week after returning to school.

5. Seniors are permitted no more than two school days for college interviews. These interviews are to be arranged prior to the fourth quarter. A note informing the school of the interview must be presented one (1) day prior to the visit. Verification of attendance at the college must be presented to the main office.

TARDINESS

A student who enters the school after 7:58 a.m. must report to the main office for admittance. A phone call

from a parent/guardian must be made to the main office the day the student is tardy. The student must also present a note from a parent/guardian stating the date and reason for the tardiness.

In addition, if a student is late to school, any full class(es) missed constitutes a cumulative absence. Lateness of fifteen minutes or more to class also constitutes a cumulative absence for that class. Parent notes and/or phone calls do not excuse a student absence or tardy.

If a note or phone call is not received or if the reason for tardiness is not deemed acceptable by the vice-principal, the tardiness will be considered unexcused. The penalty for unexcused tardiness is an administrative detention.

Teacher detentions will be assigned for class tardiness. Students who are habitually late for class will also be referred to the vice-principal and may be subject to additional penalties as proposed in the guidelines for lateness to school.

EARLY DISMISSAL

Certain appointments may have to be made during the school day. Since absence from classes missed for the day are considered cumulative, these appointments should be kept to a minimum. In requesting an early dismissal, a note must be presented by the student from the parent/guardian to the attendance office before classes the day of the early dismissal. The parent/guardian must sign the student out of school. In cases of extreme emergency, when advance notification is not possible, call the school immediately before arriving to sign the student out of school.

DETENTION

Any member of the faculty or administration may assign one or more detentions to any student for the offenses listed below:

1. Disrespect toward any member of the school staff or another student.

2. Any action or language inappropriate to the atmosphere of the school or inconsistent with Christian values.
3. Academic related issues such as missing homework, assignments, projects, etc.
4. Littering.
5. Tardiness to school or class.
6. Minor defacing of school property.
7. Violation of dress code.
8. Possession of food or beverages outside of the cafeteria, unless permission has been granted.
9. Leaving an assigned area without a pass.
10. Not wearing lanyard/I.D. card around the neck.
11. Unauthorized use of handheld electronic devices during school hours (see page 62)
12. Failure to abide by established classroom rules or school policy.

GUIDELINES FOR DETENTION

1. Students must be given at least a one day notice before serving the detention.
2. Administrative detentions do not extend beyond 3:00 p.m.
3. The type of detention to be served (assignments, work or study, etc.) is left to the discretion of the teacher and/or administrator and is served either with the teacher or administrator.
4. Students receiving a detention are notified the day before. In addition, parents receive an Instant Alert message the day before the detention is to be served.

5. Failure to report to a teacher assigned detention will result in an administrative detention.
6. Failure to report to an administrative detention will result in a Saturday in-school suspension.
7. More than one teacher assigned detention per day automatically constitutes an administrative detention.

SUSPENSION

At times it is necessary to separate a student from other students and school activities because of a serious offense. Normally, this will be accomplished by a suspension. The student will be placed on Saturday in-school suspension which will be held approximately twice a month. Students and parents will be notified by mail and by phone concerning the reason for and the date of the suspension. All Saturday suspensions will be from 8:00 a.m. to 11:00 a.m. in a designated classroom to be determined by the administration. A failure to report to a Saturday in-school suspension will result in the student being suspended out of school for a period of time determined by the administrator. The principal reserves the right to assign either in-school suspension or out of school suspension depending upon the seriousness of the offense. Students are responsible for all academic work during the time of suspension. Absences resulting from out of school suspensions are considered cumulative absences and are not excused

IT IS THE RESPONSIBILITY OF THE STUDENT TO MAKE UP ALL ASSIGNMENTS MISSED IN EACH SUBJECT AREA WHEN SERVING AN OUT-OF-SCHOOL SUSPENSION.

Offenses which may merit Saturday in-school or an out-of-school suspension will be evaluated to determine the action to be taken. Examples are:

- a. Physical violence toward another member of the school community.
- b. Vandalism.

- c. Truancy.
- d. Stealing/cheating.
- e. Leaving school grounds without permission.
- f. Insubordination.
- g. Smoking on school premises or buses.
- h. Absence from class or mandatory activity without permission.
- i. Not reporting for administrative detention.
- j. Forgery.
- k. Misrepresentation.
- l. Possession of unauthorized electronic devices during school hours.
- m. Violation of academic integrity policy
- n. Throwing of items in cafeteria
- o. Violation of harassment, intimidation or bullying policy

PLEASE NOTE:

- a. More than three administrative detentions for a given school year will result in a Saturday in-school suspension.
- b. A student will receive an out-of-school suspension for more than three Saturday in-school suspensions or for a severe or serious violation of school policies in a given school year.
- c. Violation of any of the above mentioned offenses will result in the student immediately being placed on disciplinary probation for the remainder of the school year, and such probation may continue into the next school year. Counseling may be required.

- d. A student on disciplinary probation will be evaluated quarterly and expelled from Bishop George Ahr High School for repeated violation of school policy.
- e. When a student is asked to leave Bishop Ahr High School, it is to be understood that they may not attend any activity or function sponsored by Bishop Ahr High School. All functions are closed. Invitations are extended and approved by the school.

ACADEMIC INTEGRITY

Learning is a personal process. Students are encouraged to grow and develop as individuals. A student should be evaluated on his or her own ability. In accordance with the teachings of Bishop Ahr, students are expected to uphold the principles of integrity and honor to God, oneself and the institution. There are three types of unacceptable behavior or actions that violate academic integrity: cheating, plagiarism and academic misconduct. All violations are subject to appropriate consequences designed to eliminate any future temptation in this regard.

Cheating is defined as receiving information from a student, giving information to a student or using an unauthorized source during an academic assignment. More specifically, it involves but is not limited to:

- a. Allowing someone the use of your work, sharing of work, or attempting to share work without permission
- b. Using unauthorized test aids, including but not limited to written material and technical devices during a test or exam
- c. Copying another's ideas or work, including homework, workbook assignments, projects, labs and presenting it as your own
- d. Before, during or after a test or exam supplying or attempting to communicate unauthorized information to another student about a test or exam

- e. Submission of the same work for credit in two courses without obtaining prior permission of the teacher.

Plagiarism is a form of theft and is defined as using another person's words or ideas without proper acknowledgement. Examples of plagiarism include, but are not limited to, intentional or unintentional use of the following without citing the source (including the Internet):

- a. A phrase, written or musical
- b. A graphic element or design
- c. Artistic material
- d. Specific language
- e. An idea
- f. Facts and data
- g. Paraphrasing of another's words or ideas

Academic Misconduct includes the alteration of grades and involvement in the acquisition or distribution of unadministered tests and the deliberate use of invented information. Examples of such misconduct include, but are not limited to:

- a. Theft of answer keys, manuals and other materials for academic advantage.
- b. Changing or falsifying documents, including but not limited to progress reports, electronic grade books, report cards, graded assignments and official transcripts.
- c. Forging another person's signature or falsifying information for any purpose.
- d. Fabricating information of any kind.

CONSEQUENCES: Any violation of academic integrity guidelines is a serious offense and consequences will apply to both the provider and the receiver of information. These policies are not necessarily punitive, but are intended to serve as "life lessons" that will discourage similar behavior in the future.

Cheating/Plagiarism Consequences:

First Offense: Failing grade as defined by teacher's policies; teacher may notify parent/guardian and vice principal; student conference with counselor.

Second Offense: Failing Grade as defined by teacher's policies; meeting with administrator, teacher, student and parent; student conference with counselor; Saturday suspension/in-school suspension.

Third Offense: Failing Grade as defined by teachers's policies; meeting with administrator, teacher, student and parent; student conference with counselor; three day out-of-school suspension.

Academic Misconduct Consequences:

First Offense: Meeting with administrator, teacher, student and parent; student conference with counselor; three day out-of-school suspension.

Any further offense will be dealt with by administration.

VANDALISM

A student involved in school vandalism must pay for all damages. Furthermore, the student may be subject to suspension or expulsion. If the students responsible cannot be determined, repair expenses will be divided into 4 equal parts and deducted from each class treasury.

WEAPONS/FIREARMS

Any student who knowingly has in his/her possession any firearm/weapon (as outlined in N.J.S.A. 2A: 60C-2C:39-9E) in or upon any part of the building or grounds or school sponsored activity of Bishop George Ahr High School is guilty of a crime irrespective of whether the student possesses a valid permit to carry the firearm/weapon or a valid firearms/weapon purchaser identification. Such a student will be expelled.

SUPERVISION

Bishop George Ahr High School is responsible for supervision of students throughout the school day. Once a student enters the building on a school day, permission to leave must be obtained from an administrator. Only students participating in supervised activities are permitted to remain at school after dismissal. No student is to be in a classroom without the direct supervision of a faculty member. Likewise, no student is to be in the gym without a faculty member present. Students are not to congregate in areas adjacent to the school before or after school hours.

STUDENT ASSISTANCE PROGRAM

PHILOSOPHY

Broad-brush philosophy posits that students who are displaying troubling behavior should be referred to the student assistance program, regardless of whether that trouble indicates any involvement or association with alcohol and other drug-related concerns.

Troubling behavior can be defined as any behavior that exceeds the boundaries of the teacher, parent, administration or school counselor and affects, negatively, the student's academic performance, social interaction or personal life.

Referrals are made by a teacher, friend, self, administrator, parent, nurse, I & R S team, or school counselor out of concern or as part of school policy (all release of information and referral forms will be administered through the Student Assistance Counselor's office).

The Student Assistance Counselor will be a resource for high risk students, students in crisis and all alcohol and drug related issues. In addition, Student Assistance Program services will incorporate involvement with families, school personnel and outside resources as needed.

All discipline and academic issues will be directed to the appropriate school professionals.

INTERVENTION AND REFERRAL SERVICES (I&RS) TEAM

The Intervention and Referral Service Committee's mission is to identify and assist students who are engaging in behavior that hinders "school success." I&RS Committee members recognize that student success is influenced by many factors, and that some of these are beyond the I&RS Committee's domain.

The Intervention and Referral Service Committee is comprised of BGA staff members, who have completed a New Jersey Department of Education I&RS Training Program, and includes, but is not limited to, teachers, administrators, and counselors. The committee meets regularly to address the needs of BGA students who are at risk. Students may be referred to the I&RS Committee by any BGA staff member. The I&RS Committee will begin by gathering information from all available sources to determine an appropriate course of action. The Committee will then meet with those best able to effect a positive change in/for the students. Actions might include setting some attainable goals, making recommendations for realizing these goals, and tracking the student's progress.

SUBSTANCE ABUSE POLICY AND PROCEDURES POLICY NO. 100 -- DRUGS AND ALCOHOL

Bishop George Ahr High School recognizes that the misuse of drugs* and alcohol has a deleterious effect on the health and education of those pupils and jeopardizes the welfare of the entire school community. The School is committed to the prevention of drug and alcohol abuse through educational means and other appropriate programs and services and will take necessary and firm action to protect the school community from harm

and from exposure to the negative aspects of drug and alcohol use/abuse.

The School prohibits the use, possession and/or distribution of drugs or alcohol on school premises and at any event away from the school premises that is sponsored by this school, and on any transportation vehicle provided by this School. Pupils suspected of being under the influence of drugs or alcohol will be identified, evaluated and reported in accordance with the law. Pupils who use, consume, possess or distribute drugs or alcohol on or off school premises will be subject to discipline, which may include suspension, expulsion and notification of law enforcement.

All teaching staff members shall be alert to signs of drug and alcohol use by pupils and shall respond to those signs in accordance with established administrative procedures. The School will provide in-service training to assist teaching staff members in identifying the symptoms of pupils who use drugs or alcohol, and educating pupils about the consequences of drug or alcohol use, and in cooperating with those independent rehabilitation programs for drug and alcohol related problems in which pupils attending the school are enrolled.

A comprehensive drug and alcohol curriculum (grades 9-12) is incorporated in the Health curriculum. Additionally, a program is in place to provide referral and support services for pupils who are experiencing problems with drugs or alcohol.

Thus, the School policies include the following procedures: (1) a comprehensive program of drug and alcohol education, grades (9-12); (2) the identification and referral of pupils involved with drugs or alcohol; (3) the examination of pupils suspected of being under the influence of drugs or alcohol; (4) the treatment and discipline of pupils who consume, use, possess or distribute drugs or alcohol in violation of law or this policy.

School policy and administrative procedures regarding drugs and alcohol shall be reviewed and evaluated

annually and shall be available to all staff members, pupils and parents.

*For the purpose of this policy, “drugs” includes all dangerous controlled substances set forth at N.J.S.A. 24:21-1, and all chemicals that release toxic vapors set forth at N.J.S.A.2A: 170-25.9 et seq.

State of New Jersey Chapter 40A-Substance Abuse Article 2. Prevention and Treatment Referral Programs 18A:40A-12 Reporting of pupils under influence; examination; report; return home; evaluation of possible need for treatment; referral for treatment.

Whenever it shall appear to any teaching staff member, school nurse or other educational personnel of any public school in this State that a pupil may be under the influence of substances as defined pursuant to section 2 of this act, that teaching staff member, school nurse or other educational personnel shall report the matter as soon as possible to the school nurse or medical inspector, as the case may be, or to a student assistance counselor, and to the principal or in his absence, to his designee. The principal or his designee shall immediately notify the parent or guardian and the superintendent of schools, if there be one or the administrative principal and shall arrange for an immediate examination of the pupil by the Medical Review Officer (physician) at the contracted lab (JFK Occupational Health Services). If the parent or guardian refuses to use the school contracted lab, the pupil shall be taken to the emergency room of the nearest hospital for immediate examination accompanied by a member of the school staff designated by the principal and a parent or guardian of the pupil. The pupil shall be examined immediately for the purpose of diagnosing whether or not the pupil is under such influence. A written

report of that examination shall be furnished within 24 hours by the examining physician to the parent or guardian of the pupil and to the superintendent of schools or administrative principal. If it is determined that the pupil was under the influence of a substance, the pupil shall be returned to his or her home as soon as possible and shall not resume attendance at school until the pupil submits to the principal a written report certifying that he or she is physically and mentally able to return thereto, which report shall be prepared by a personal physician or the physician who examined the pupil pursuant to the provisions of this act. **Payment is the responsibility of the student's parent/guardian (positive or negative results).**

In addition, the pupil shall be interviewed by a student assistance counselor or another appropriately trained teaching staff member for the purpose of determining the extent of the pupil's involvement with these substances and possible need for treatment. In order to make this determination the counselor or other teaching staff member may conduct a reasonable investigation which may include interviews with the pupil's teachers and parents. The counselor or other teaching staff member may also consult with such experts in the field of substance abuse as may be necessary and appropriate. If it is determined that the pupil's involvement with and use of these substances represents a danger to the pupil's health and well-being, the counselor or other teaching staff member shall refer the pupil to an appropriate treatment program which has been approved by the Commissioner of Health. L.1987, c.387,5, effective January 13, 1988.

18A:40A-22 Findings, declarations relative to substance abuse testing policies in public school districts.

1. The Legislature finds and declares that there are many school districts within the State with a growing problem of drug abuse among their students. The Legislature further finds that federal and State courts have held that it may be appropriate for school districts to combat this problem through the random drug testing of students participating in extracurricular activities, including interscholastic athletics, and students who possess

school parking permits. The Legislature also finds that a random drug testing program may have a positive effect on attaining the important objectives of deterring drug use and providing a means for the early detection of students with drug problems so that counseling and rehabilitative treatment may be offered.

L.2005,c.209,s.1. *Private school law allows for Bishop George Ahr High School to extend random drug testing to its entire school population.

POLICY FOR THE PREVENTION OF DRUG AND ALCOHOL USE

Introduction

To guard against the use of drugs and alcohol among our high school students, the Administration and the Advisory Board of Bishop Ahr High School, after due and careful consideration, has implemented the following policy and procedures.

Policy Statement

The Administration and the Advisory Board of Bishop George Ahr High School, being aware of the danger of drug and alcohol abuse among high school students, will:

1. Require every parent of incoming students to sign a copy of the school policy on Drug and Alcohol Abuse at the time of registration. The students will also be required to sign the statement at the time of registration.
2. In addition, to guard against the use of drugs and alcohol among high school students, all parents of incoming students and their children will read and sign an agreement to allow random testing of students for drug and alcohol abuse.

AGREEMENT REGARDING RANDOM TESTING FOR DRUG AND ALCOHOL ABUSE AMONG BISHOP AHR STUDENTS

We, (Parents and Child), know that it is necessary to eliminate drug and alcohol abuse in high school. We grant the Administration of Bishop Ahr High School the right to test students at random for drugs and alcohol use. Student specimens will be collected by the nursing staff at Bishop Ahr High School and tested by a laboratory commissioned by Bishop Ahr High School. Positive results will require that the student attend outside professional counseling and be drug or alcohol tested randomly by an outside lab and meet with the Student Assistance Counselor. Removal from school activities may be necessary. We understand that the results of the testing will be provided to the parents/guardians and Administration within a specified period of time to be stated at the time of testing. We are aware that non-compliance with this policy will result in the student's dismissal from the school.

STUDENT RANDOM DRUG AND ALCOHOL TESTING PROCEDURES

September 2007

1. Parents and students will be required to sign the AGREEMENT FOR RANDOM DRUG AND ALCOHOL TESTING at the time of registration or beginning of the school year. This form will be kept on file until the student graduates.
2. On a periodic basis during the course of the school year, the ID numbers of all students will be placed in a pool from which the Student Assistance Counselor (SAC) will randomly draw the numbers of a minimum of 10 percent of the student body.
3. The SAC will match the ID numbers with the names of those students who will be tested that day and will make a courtesy call to the parents/guardians

informing them of the random selection. If the parents/guardians are not available, a courtesy message will be left, if possible.

4. Those students selected for testing will be notified and tested in the morning of the same day.
5. Non-compliance will be treated as a positive result. A parent will be contacted immediately and will be required to assume the responsibility of drug/alcohol testing of their child, at the parents' expense, before he/she can return to school.
6. The student selected for testing will be called to the main office. At that time, the SAC will discuss with the student privately the next step in the testing process. The student will then be asked to go to the nurse's office.
7. In the privacy of the examination room of the nurse's office, the student will be asked to complete a specimen control form, which bears an assigned identification number. This identification number shall be the means for identifying the specimens by all laboratory personnel. Only the SAC and school nurse shall know the assigned number for each student selected for testing. If the student selected appears to be under the influence of drugs or alcohol, those behavioral symptoms will be documented by the nurse prior to the collection of the sample.
8. The student shall be given direction by the school nurse and submit to a urine sample in the privacy of the nurse's office bathroom. Chain of Custody procedures will be followed throughout this process according to the Federal Workplace Drug Testing Programs guidelines.
9. The nurse will ask the donor to remove any unnecessary outer garments that might conceal items or substances that could be used with or adulterate the donor's urine specimen and leave them outside the testing area. The student will go

to the secure bathroom where there is no access to water, other than the toilet bowl which has a blue dye staining the water a blue color. The door to the bathroom will be closed.

10. Upon exiting the bathroom the student will hand the specimen cup to the nurse. The nurse will inspect the specimen to determine if there is any sign indicating the specimen may not be a valid urine specimen. Any unusual finding shall be noted on the testing request form.
11. The nurse will cap the specimen bottle that was provided to the school by a federally certified laboratory, viewed by the student. The nurse will place a tamper-evident seal on top of the bottle. The student will place his/her ID number on the tamper - evident label/seal, certifying that the specimen was collected from him/her. The federally approved laboratory will consult with and guide the school nurse in the collection of specimens in accordance with the Federal Substance Abuse and Mental Health Services (SAMHSA) standards. Any information transmitted to a federally approved laboratory for testing or processing will not contain any personally identifiable information.
12. The specimen will be picked up and delivered to a federally approved lab and tested. The results of the test will be reported to the Medical Review Officer (MRO). The parents/guardians, student and SAC will be contacted by the MRO if there are any questions regarding the test results.
13. Positive results will necessitate a conference with the SAC, the student and his/her parents / guardians. The student will be required to follow all recommendations to assist him/her in becoming drug/alcohol free.
14. All efforts will be made to minimize the impact of testing on the instructional day and maintain the confidentiality and privacy rights of participants.

USE OF TOBACCO OR TOBACCO PRODUCTS POLICY

In compliance with the New Jersey Smoke – Free Act (P.L.2005, Chapter 383, C.26:3D-55 et seq.), which states “The Legislature finds and declares that tobacco smoke constitutes a substantial health hazard to the nonsmoking majority and it is clearly in the public interest to prohibit smoking in all enclosed indoor places of public access and workplaces and on the property of any public or nonpublic elementary or secondary school.” Bishop Ahr prohibits all persons (students, faculty, staff, administration, parents, coaches, visitors) from the use of tobacco, tobacco products and *electronic smoking devices on the school grounds (both in the building and on the property). In addition, tobacco and tobacco products **paraphernalia** such as matches, lighters, etc. or electronic smoking devices are not permitted in school. They will be confiscated and given to the student’s parent/guardian.

*“Electronic smoking device” means an electronic device that can be used to deliver nicotine or other substances to the person inhaling from the device, including, but not limited to, an electronic cigarette, cigar, cigarillo, or pipe.

Enforcement of this law will be as follows:

1. Any student found using tobacco, tobacco products or electronic smoking devices on the school premises will be fined **\$100.00 for the first offense**. In addition, parents will be informed.
2. Any student found using tobacco, tobacco products or electronic smoking devices on the school premises a **second time** will be fined **\$150.00**. In addition, parents will be informed and the student will be required to meet with the Student Assistance Counselor and view an educational video.
3. Any student found using tobacco, tobacco products or electronic smoking devices on the school premises a **third time** will be fined **\$200.00**. In

addition, parents must attend a meeting with the vice principal and enroll the student in a tobacco cessation program.

4. A fourth violation constitutes possible withdrawal from Bishop Ahr High School.

All fines collected will be used to service the needs of the poor throughout the school year.

It is expected that all adults comply with the New Jersey Smoke – Free Act and refrain from smoking on the Bishop Ahr High School premises.

SUICIDE PREVENTION POLICY AND PROCEDURES

Protecting the health and well-being of all students is of utmost importance to Bishop Ahr High School. The school administration has adopted a suicide prevention policy which will help to protect all students.

All school personnel, both faculty and staff, shall be alert to any sign that a pupil may be contemplating suicide. If someone notices the warning signs of suicide, it may be possible to avert a tragedy. Suicide prevention training by a mental health professional for all school faculty and staff will take place on a regular basis. The principal shall designate a member of the school personnel, trained in suicide prevention, to serve as a point of contact for the school community.

Any indication of a potential suicide, whether personally witnessed or received by a report from another, must be taken seriously and reported to the administration. After the report has been made, the following procedures will be followed:

- The student will be referred to the Student Assistance Coordinator (SAC) or designee (school counselor, school nurse, principal) to assess the degree of the crisis.
- In the case where it is determined that the student is at risk, the Student Assistance Coordinator

or designee will inform the administration immediately.

- The SAC or designee will contact the parent/guardian of the student and request their immediate presence at school. If the parent/guardian is unable to be present, the student will be taken to the local hospital emergency room by police and a school designee.
- The student shall not be left alone during this time period.
- Parent/guardian will meet with the SAC or designee upon arrival. Parent/guardian is required to have the student screened for suicide by a mental health professional immediately.
- A contract will be signed by the parent/guardian, student, administrator and SAC stating the re-entry procedure. Failure to comply may result in immediate withdrawal from Bishop Ahr High School. In addition, a Release of Information form must be signed by parent/guardian and student.

HARASSMENT, INTIMIDATION OR BULLYING POLICY

Bishop George Ahr High School prohibits acts of harassment, intimidation or bullying (HIB) of any member of the school community. A safe and civil environment in school is necessary for students to learn and achieve high academic standards; harassment, intimidation or bullying, like other disruptive or violent behaviors, is conduct that disrupts both student's ability to learn and a school's ability to educate its students in a safe and disciplined environment.

No student or school employee shall be subjected to harassment, intimidation or bullying by staff members, students or outside vendors which shall be defined as one that sells or provides goods or services to Bishop Ahr High School.

The Administration shall direct the development of procedures regarding the implementation of this policy. All staff members, students, and vendors shall be informed of this policy annually. The Administration shall also insure that staff and students participate in educational programs on an ongoing basis relating to this policy and the maintenance of an educational environment that is characterized by mutual respect, safety, and personal security. Individuals and groups shall be treated with equity and fairness.

DEFINITION

Bishop George Ahr High School establishes that “harassment, intimidation or bullying” means any gesture, any written, verbal or physical act, or any electronic communication*, as defined below, whether it be a single incident or a series of incidents, that is:

- a) reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or
- b) by any other distinguishing characteristic; and that
- c) Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students; and that
- d) A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student’s property, or placing a student in reasonable fear of physical or emotional harm to his person or damage to his property; or
- e) Has the effect of insulting or demeaning any student or group of students; or

- f) Creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

*"Electronic communication" means a communication transmitted by means of an electronic device, including, but not limited to, a telephone, cellular phone, computer, or pager; as defined in N.J.S.A. 18A:37-14.

STUDENT BEHAVIOR

Bishop George Ahr High School expects students to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities, with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment, consistent with the code of conduct in the student handbook. Students are expected to behave in a way that creates a supportive learning environment. Violators of the HIB policy will be subject to consequences outlined in the policy.

REPORTING

All acts of harassment, intimidation, or bullying shall be reported verbally to the school principal or designee on the same day when the school employee, vendor, student or volunteer witnessed or received reliable information regarding any such incident. The school principal or designee shall immediately initiate the school's procedures concerning the school HIB policy.

A school employee who promptly reports an incident of harassment, intimidation or bullying, to the appropriate school official designated by the school's policy, is immune from a cause of action for damages arising from any failure to remedy the reported incident.

Bishop George Ahr High School prohibits a school employee, student or volunteer from engaging in reprisal, retaliation or false accusation against a victim, witness, one with reliable information or any other

person who has reliable information about an act of harassment, intimidation or bullying or who reports an act of harassment, intimidation or bullying. The consequences and appropriate remedial action for a person who engages in reprisal, retaliation or false accusation shall be determined by the principal after consideration of the nature, severity and circumstances of the act.

INVESTIGATION

All Administrators and school officials designated shall have the appropriate training regarding Anti-Bullying policy and procedures. The due process rights and rights to confidentiality of all parties shall be respected during the investigation. The parents, police and any other appropriate agency shall be informed by the Administration if the accusation meets the criteria for reporting and is deemed exclusive of pastoral discretion.

The investigation shall be initiated by the principal or the principal's designee within one school day of the report of the incident and shall be conducted by the school anti-bullying coordinator. The investigation shall be completed as soon as possible, but no later than 10 school days from the date of the reported incident of harassment, intimidation or bullying. Upon completion of the investigation, it will be determined by the principal and anti-bullying coordinator the consequences of the incident report.

REMEDICATION AND DISCIPLINE

Consequences and appropriate remedial actions for a student or school employee who commits one or more acts of HIB may range from positive behavioral interventions up to and including suspension or expulsion of students or disciplinary action of a school employee. Consequences for a student who commits an act of HIB shall be varied and graded according to the nature of the behavior, the developmental age of the student and the student's history of problem behaviors and performance. Disciplinary action may

range from a documented conference with parent or guardian, transfer to another classroom, required counseling, suspension or expulsion consistent with student disciplinary practices and procedures as outlined in the student handbook. Remedial measures shall be designated to correct the problem behavior; prevent another occurrence of the problem; protect and provide support for the victim of the act; and take corrective action for documented systemic problems related to harassment, intimidation or bullying. All students found to be involved in an HIB incident will be referred to the anti-bullying specialist for education and counseling.

If an investigation by the Administration, Police or other State Agency substantiates a charge against a vendor, it shall be subject to disciplinary action including but not limited to suspension and/or cancellation of existing contract(s), debarment from future contracting, removal of personnel from the school/work site or notification of police and any other appropriate agency (e.g., The State Division of Youth and Family Services).

NOTIFICATION

Notice of this policy and procedures shall be circulated to all students, staff and parents, and incorporated into the student and staff handbooks and school website.

PREVENTION OF HARASSMENT, INTIMIDATION OR BULLYING

The Administration shall insure that appropriate educational programs shall be conducted for the staff and students regarding the nature of harassment, intimidation or bullying and its prevention. Appropriate curricula shall include learning outcomes which relate to appropriate interpersonal behavior and best practices intervention.

GRADE POINT AVERAGE: All subjects except Physical Education, Health, Driver Education, Career Education and single credit courses are used to compute the GPA. The average is computed using the following quality points:

A.P. COURSES	HONORS COURSES	COLLEGE PREP COURSES
A+ = 5.25	A+ = 4.75	A+ = 4.25
A = 5.00	A = 4.50	A = 4.00
B+ = 4.25	B+ = 3.75	B+ = 3.25
B = 4.00	B = 3.50	B = 3.00
C+ = 3.25	C+ = 2.75	C+ = 2.25
C = 3.00	C = 2.50	C = 2.00
D = 2.00	D = 1.50	D = 1.00

GRADING PROCEDURES

A+	=	97 - 100
A	=	92 - 96
B+	=	88 - 91
B	=	85 - 87
C+	=	80 - 84
C	=	75 - 79
D	=	70 - 74
F	=	below 70

Often colleges or scholarship organizations request non-weighted GPA on a 4.0 scale. To calculate the non weighted GPA, A/A+ grades will be calculated as 4.0.

As of 1996, Bishop Ahr High School no longer computes or reports class rank. Upon college acceptance and for the sole purpose of determining eligibility for financial aid and/or scholarships, a weighted rank will be made available directly to the college/university at the institution's request.

Candidates for Valedictorian and Salutatorian must have completed a minimum of three years of studies at Bishop Ahr High School to be considered for these honors.

Senior final exam exemption exists for those seniors achieving an “A” in a subject for every marking period, including the first semester exam. Seniors who fail a course in the fourth quarter and/or the final exam for that course may fail the course for the year. Also, seniors must make up all fourth quarter failures before being able to participate in graduation exercises. The make-up work must be completed after exams and before graduation. Any year-end failures must be remediated before a diploma will be issued.

HONORS PROGRAM

In order to continue in an Honors course, a student in the Honors Program must maintain the course average as specified by each department in the Program of Studies.

SCHEDULES

After the first semester students are registered for courses for the upcoming school year. School initiated recommendations for course assignments come from a department chairperson. Students are advised of these recommendations by the counselors and are assisted in choosing elective courses. Students are encouraged to discuss all recommendations with

parents and teachers. A printout of courses is distributed to students shortly after registration and must be returned to the Counseling Department with a parent's signature.

Since student scheduling involves a great amount of work hours and data processing expense, any schedule change made after May 1 will require a fee of \$15.00. Before changes are made, approval must be obtained from the director of School Counseling Department. In some cases the approval of the principal must be obtained. Any schedule change not initiated or approved by the subject department will require a \$15.00 fee. Mid-year course changes cannot be accommodated.

Every effort will be made to honor schedule requests. However, in case of irresolvable conflict, the student will be consulted for alternate choices. Requests based on teacher preferences cannot be accommodated.

Driver Theory is scheduled without regard to the student's birth date during one marking period in the Sophomore year.

TRANSCRIPTS

Official Transcripts are those transcripts sent directly from BGA to another educational institution or scholarship program. Official transcripts are requested by using a Transcript Release Form available in the School Counseling Department. Transcripts of any kind cannot be given to students or parents for personal mailing or for hand-carrying by the student. If there is an urgent need, Official Transcripts can be faxed and followed by a hard copy or, at parental expense, sent by express delivery. Every student is entitled to an Unofficial Copy of his/her transcript, providing there is no outstanding financial obligation. Forms for transcripts and referrals are available in the School Counseling Department office, providing financial obligations have been met.

Official standardized test scores, i.e. SAT I, SAT II, AP, ACT, etc., are to be requested directly from the testing company. Bishop George Ahr High School does not forward test scores.

FAILURES

A student who fails a subject for the year must repeat and pass the subject in summer school or through private tutoring with an instructor certified in that subject area. Failure in summer school will necessitate automatic dismissal.

The administration reserves the right to ask a student to withdraw from the school under the following circumstances related to failures:

1. Any student on academic probation if any subject is failed during the probation period.
2. Any student who fails subject(s) in consecutive years.
3. Any student who fails two (2) or more subjects for the year.
4. Any student whose GPA is less than 2.0.
5. Any student with excessive absenteeism.
6. Any student with excessive tardiness.
7. Discipline violations.

SUMMER SCHOOL

A failure or failures in any course(s) must be remediated in summer school and cannot be carried into the next school year. The summer school grade will appear on the transcript. However, a grade of “D” will be used to compute G.P.A. Any student failing two major subjects for the year may be asked not to return to Bishop George Ahr High School. This decision will be made by the administration in consultation with the School Counseling Department.

The Director of Counseling must approve all college courses prior to registering. Students interested in college/summer courses should see the Director of Counseling at the start of the second semester. This requirement is to insure students do not get closed out of their desired courses. College courses or courses taken for new credit at an institution other than Bishop Ahr are indicated on the student transcript but are not calculated into the G.P.A. In addition, any course that is not taken during the academic school year is not calculated into the G.P.A.

STUDENT PROGRESS

Student progress may be monitored on a regular basis throughout the school year. Via PowerSchool, parents/guardians may view the details of their child's grades, attendance and other areas. Parent/guardians who have no Internet access must notify their child's counselor so reports may be generated mid-quarter.

REPORT CARDS

Report cards are distributed at the end of the school year. Student progress may be viewed at any time throughout the school year through PowerSchool. Please contact the Counseling department for a hard copy record of progress if necessary.

HOME INSTRUCTION

Home Instruction is available for any student who will be out of school for an extended period of time - three weeks or more. Since it takes a minimum of ten days to set-up tutors for home instruction, a student who will be out of school for two weeks or less will not be able to receive home instruction. Students may access assignments through the school's homework page or by emailing their teachers. For students on Home Instruction the procedure is as follows:

- Parent must sign 407-1 form
- Doctor's note must be available stating condition and approximate length of time student will be out of school
- The Counseling Department sends these forms to the Middlesex Regional County Educational Commission for processing. The Commission provides tutors in as timely a fashion as possible.

If a student is institutionalized, the 407-1 form must be signed by the parent and will be sent to the MCED by the Counseling Department. The institution will then make all necessary arrangements for instruction with the MCED.

In all cases of home instruction, the Counseling Department will request material from teachers. However, the family is responsible for picking up any and all materials from the Counseling Department and returning completed work.

The home instructor (tutor) is responsible for grading all work which he/she teaches and will provide such grades to the Counseling Department. Grades received from the tutor will be incorporated into the classroom teachers' grades for the student.

STUDENTS WITH DISABILITIES

A student with a learning disability who is enrolled in a non public school such as Bishop George Ahr, does not have an individual entitlement to receive some or all of the special education and related services that he or she would receive if enrolled in a public school. By their child's enrollment at Bishop Ahr High School, parents agree to accept the school's decision regarding its ability to address the recommendations made by the child study team in the IEP (Individual Educational Plan) or SP (Service Plan). The non public school may make certain classroom adjustments for the child that can be managed within the educational framework of the school. While Bishop Ahr does not accept 504 Plans, we will attempt to meet certain modifications that are documented by the student's physician. However, by accepting a classified student to school membership, Bishop George Ahr does not imply that it can offer or implement the IEP, SP or similar recommendation. The student is responsible for meeting all of the requirements established by the non public school. This responsibility also includes those rules regarding participation in extra-curricular activities and sports. Parents are asked to keep this in mind when selecting the school they feel is best for their child. If a parent wishes to have his/her child to be considered for the continuation of special services from either a grammar school or another high school, the parent must present a copy of the most current IEP/ Service Plan and testing information to the counseling department. No prior accommodations will be activated until that time.

1. All drivers must adhere to a speed limit of 15 mph.
2. All students must register their vehicles with the vice principal and obtain a parking sticker at a fee of \$10.00. The sticker should be placed on one side of the rear window of the auto.
3. Failure to register a vehicle may result in the suspension of driving and parking privileges.
4. Students will be issued parking stickers and permitted to park their cars in areas designated for students. Future infractions will result in the student's car being towed away. This regulation will be in effect between 7:00 a.m. and 2:30 p.m. on any school day. Students are not permitted to leave campus prior to normal dismissal without express permission from the principal or designee.

Photos may be taken on school grounds by authorized students only. Students must have parent/guardian permission to be photographed for school media. Students who may not be photographed must remove themselves from photo opportunities.

RETENTION POLICY

As a Roman Catholic High School of the Diocese of Metuchen, Bishop George Ahr High School does not discriminate on the basis of race, color, national and ethnic origin or sex in the administration of employment, educational admissions, or financial policies, activities, athletics or school administered programs. However, Bishop Ahr High School does not accept for admission married students and will have to terminate the enrollment of any student currently attending Bishop Ahr High School if that student should marry during the time of their enrollment.

SCHOOL CLOSING

Students will be bused according to the city/township decisions. If school districts are closed, no transportation will be provided. "Delayed Opening" means students follow the decision of their township. If Bishop Ahr is open and your district is closed, parents should use discretion about bringing their child to school. Students who drive to school should follow the decision of their township.

Bishop Ahr uses Honeywell's *Instant Alert* system to notify parents/guardians directly of closings or any other important information. Please see the school website to set up your *Instant Alert* profile according to your preferences. A message will also be recorded on the phone system if school is closed.

SCHOOL TRIPS

It is necessary to submit a notarized parental permission slip to the faculty member sponsoring a trip. Parents are required to provide transportation home when trips return after the normal school dismissal time. Students who drive and have their own cars may drive home.

ALL SCHOOL RULES APPLY ON ANY TRIP OR ACTIVITY SPONSORED BY THE SCHOOL OR ANY ORGANIZATION, TEAM, CLUB, ETC. CONNECTED WITH THE SCHOOL. Students who unofficially arrive at the site of the trip will be subject to disciplinary action and will be required to leave that site.

STUDENT PREGNANCY

Bishop Ahr High School is completely opposed to abortion and premarital sexual relations. If, however, a student should become pregnant during her time at Bishop Ahr High School, she may continue here as a student, on home instruction, as long as she has written permission from her parents and physician. The student must leave school 6 weeks prior to her due date and is not permitted to participate in school activities after that time.

VISITORS

Visitors to Bishop George Ahr High School will be restricted due to the large enrollment. No student visitors will be allowed when other public or non-public schools are not in session. Only students who are in the 7th and 8th grades of area schools may visit the school and attend classes. Obtain a visitor's pass from the Freshman For A Day coordinator. All visitors will be issued a visitor I.D. When leaving the building, this I.D. must be returned.

ETHICAL USE OF TECHNOLOGY POLICY

General Statement:

Bishop Ahr High School will provide computer equipment, services and internet access for its students and staff. The sole purpose of providing these resources is to enhance teaching and learning at Bishop Ahr High School. STUDENT RECORDS

In maintaining and in giving access to student records, Bishop George Ahr High School follows the directives of The Family Educational Rights and Privacy Act (FERPA) and N.J.A.C. 6:3-6.1 et seq. (State Equivalent).

For all legal documents (transcript, diploma, etc.) the student name must appear as listed on the birth certificate.

Academic records are kept in the School Counseling Office in a folder designated as the student's permanent file and are available to the student and his/her parents or legal guardian. Academic records are not released to anyone for any reason without a release form signed by a parent or legal guardian (if the student is under 18 years of age) or by the student (if the student is 18 years of age or older). Academic records include transcript of grades, testing records, letters of recommendation, school registration forms, elementary school record, record from previous high school and any other information pertinent to academic progress.

Medical records are kept in the Health Office until graduation at which time they become part of the permanent file.

Disciplinary records are not a part of the permanent file (academic folder).

Educational and/or psychological evaluations which are done by outside agencies including the Middlesex County Educational Commission Child Study Team are not part of the student's permanent file and are never disclosed to other agencies or to colleges. It is the responsibility of a parent or legal guardian to disclose this information to any agency or college, if they so desire.

ASBESTOS MANAGEMENT PLAN

The school's Asbestos Management Plan is on file in the school office. The Bishop Ahr High School building was reinspected on January 17, 2001 as required by the Federal Asbestos Hazard Emergency Act (AHERA). This document is available for examination upon request.

SCHOOL POLICY CHANGES

Any change in the school policy will become effective upon announcement in school and will be printed in the Principal's Newsletter.

DAILY SCHEDULE

The Daily schedule follows a regular Monday through Friday sequence throughout the year.

INFORMATION UPDATE

Any change of address, telephone number, employment of parents/guardian, or emergency contacts during the school year is to be reported to the main office in writing or by calling (732) 549-1108 ext. 614.

EMERGENCY PROCEDURES

A crisis is a stressful event that upsets the balance in the BGA community. Bishop George Ahr High School recognizes that crisis situations have been increasing in our society. A systematic team approach has been developed as a strategy to intervene and act as a preventative measure on behalf of the BGA community. These procedures were developed by the Crisis Management Team (CMT) to deal with crisis. Complete and detailed information is given to all students, faculty and staff by the CMT during training sessions. The purpose of this plan is to provide immediate and orderly response to any emergency. The steps for the four procedures used to protect the BGA community are Fire, Evacuation, Lockdown and Shelter in Place.

During any emergency, the use of cell phones or other electronic devices are limited by the authorities. Everyone needs to be alert and open to decisions made at a moment's notice. Silence must be maintained.

FIRE PROCEDURES

- Alarm is sounded; fire and police respond
- In an orderly manner, teachers and students leave the building and assemble 300 feet from the school
- Teachers bring class lists
- Students assemble with their teachers
- Teachers take attendance
- Any missing student is reported to the Associate Principal via CMT member
- Once back in the classrooms, teachers again take attendance
- Any missing student is reported to the Associate Principal
- If it is not possible to return to the building per the police and/or fire authorities, all will be directed to follow the procedures for assembling at an evacuation area where bus transportation will be provided

EVACUATION TO A SAFE LOCATION

(example: bomb threat)

- As announcement/alarm is sounded, fire and police respond
- Teachers bring class lists
- In an orderly manner, teachers and students leave the building and assemble at one of two safe locations that will be announced at the time of the evacuation.
 - Primary-John Adams Middle School
 - Secondary-Oak Tree Bus Terminal
- Students assemble with their teachers at the evacuation area
- Teachers take attendance

- Any missing students are reported to the Associate Principal via CMT member
- For classes being held outside the school building, teachers of those classes will be directed to a safe location by a CMT member
- If a parent or designated emergency contact person arrives at an evacuation site to pick up his/her children, a CMT must be notified before the child is allowed to leave the area
- If teachers and students return to the classroom, teachers again take attendance
- Any missing students are reported to the Associate Principal

LOCKDOWN

(example: intruder with weapon)

- Announcement of LOCKDOWN is made by the Principal
- After announcement of LOCKDOWN, classroom doors are immediately locked
- Everyone remains in his/her classroom
- Teachers close windows, assemble in an area of the room away from windows and doors
- Students who are in the stairs, bathrooms, hallways or corridors remain where they are until directed to a safe location by police
- Students in other places such as the cafeteria, library, nurse's office, main office, school counseling office, locker rooms, take shelter under tables/desks and remain where they are until directed to a safe location by police

- For classes that are being held outside the building, teachers are directed to a safe location by a CMT member using a walkie-talkie
- All doors remain locked until the police determine the next step. The next step may be evacuation to a safe location or an “all clear”

SHELTER IN PLACE

(crisis as determined by Homeland Security)

- In a SHELTER IN PLACE situation, no one will be allowed to leave the building. Students and staff will report to assigned areas secured and not opened until an all-clear signal is given
- The building will remain closed until the ALERT is over
- An emergency box will be available at each location
- Provisions have been made to have food and water available
- Teachers are to close windows, shut off computers, fans, lights and all other electrical equipment in the classroom. Close doors when leaving a room. If there is an office door open and no one is in the office, close the door
- Students cannot go to their lockers
- Once everyone is settled in their designated area, each teacher is responsible to take attendance for his/her class
- Everyone needs to be ALERT and open to decisions made at a moment's notice
- When the alert is over, students will be retained or dismissed as directed by authorities
- Areas of containment are Gym, Theatre, Cafeteria and basement locker rooms

Bishop George Ahr High School complies with state mandated scheduling of Emergency Preparedness Drills. Each month Bishop Ahr will conduct one fire drill and one other Emergency Preparedness Drill including but

not limited to: Shelter In Place, Evacuation, Lockdown, Tornado, or Hurricane.

Additional policies, procedures in effect include controlled entry into the school and wearing of ID badges by everyone including visitors

PROMISE TO PROTECT; PLEDGE TO HEAL

The following notice has been mandated to be published in our school policy book by the Diocese of Metuchen and is intended for anyone who has been abused or victimized by someone representing the Catholic Church.

Please believe in the possibility for hope, help and healing. We encourage you to come forward and speak out. Every diocese in the United States now has a **victim assistance coordinator** who is available to obtain support for your needs, to help you make a formal complaint of abuse to the diocese and to arrange a personal meeting with the bishop or his representative, if you desire. The victim assistance coordinator for the Diocese of Metuchen (Office of Child and Youth Protection) is Lawrence Nagel, Director.
